The Summer Company program, offered in partnership with the Province of Ontario, provides students with start-up money to kick-off a new summer business, along with advice and mentorship from local business leaders to help get the business up and running. This program provides a great opportunity for students to learn the skills necessary to start and run their own business and provides them with real-life experience as an entrepreneur.

Summer Company 2023 is now accepting applications from youth between the ages of 15-29 who are currently in school and will be returning to school in the fall.
